PROGRAMME 2012

This programme is issued by the Guild Council to advise you of the events which have been organised for the coming year.

THERE WILL BE CHANGES!

It is not possible to forecast events for the entire year - we will be invited to attend other events as the year progresses, there may be cancellations, changes of date or venue influenced by external circumstances . The Council will endeavour to keep you advised of any changes by announcement in the Newsletter and there is space on this Programme for you to record those changes however **it is most important that you let the event organiser know one to two weeks in advance if you wish to attend an event** so that you can be advised of any late changes and be issued with car passes and admittance tickets if required.
